  M3  "...8"  8mm	  M4  "...10"  11mm	Fuse terminal UK5-HESI is breaking revolving -arm type fuse terminal, revolving-arm can up-open and put into melting core ,indicate with light, can connect revolving-arm and break three-phase current circuit. Used in 5x20/25/30mm Fuse tube With indication AC/DC 15-24V Curent consumption AC3.5-7.5mA With indication AC/DC,110-250V Current consumption AC1.5-3.5mA,DC0.2-0.8mA
